

The Princeton HP-2 is an elegant and affordable piano that offers high quality piano sounds and an elegant 'look' at a budget price. The Italian-designed cabinet is elegantly styled in ebony polish finish with console-style legs and a sliding key cover. There is also a folding music desk and beautiful matching piano bench. The full hammer action and advanced PCM piano technology are components you would expect in higher priced models. There are 8 professional built in sounds that can be combined or 'split' and there is a convenient 2-track sequencer and practice metronome. There are two headphone connections for private practice or teaching situations. Perfect as an elegant edition to your home, the Princeton HP-2 is the ideal combination of beauty & technology—at an affordable price!
