

The Princeton SP-88 is a versatile and powerful musical instrument that helps you unlock your musical potential! Designed first and foremost as a performance instrument—the SP-88 includes a full-sized keyboard with authentic hammer action keys. You're in control with over 350 built in sounds (editable) and 130 realistic Rhythm styles. You can capture your own compositions on the five-track sequencer and there's a handy practice metronome. You can even store your settings and save and load music on the built-in SmartMedia Card reader! There are two headphone connections for private practice or teaching situations and the SP-88 comes with a smooth-action™ sustain pedal. Weighing only 44 pounds, the SP-88 is perfect for portable performance situations or for space-conscious home settings. The Princeton SP-88—the perfect combination of portability and performance - at an economical price!
